Professional Summary

Senior Python Developer with around 7 years of experience working on backend development and web applications. Experienced in Python, Django, Flask and REST APIs. Worked with cloud technologies and databases. Good understanding of software development lifecycle and agile methodologies. Looking for opportunities where I can contribute to backend development and improve system performance.

Technical Skills

Languages: Python, JavaScript, SQL, Bash

Frameworks: Django, Flask, FastAPI

Databases: PostgreSQL, MySQL, MongoDB

Cloud: AWS, Docker, Kubernetes

Tools: Git, Jenkins, Linux, Redis

Work Experience

Senior Python Developer – ABC Technologies

Jan 2021 – Present

- Developed backend APIs using Django and Flask.
- Worked on microservices architecture.
- Improved API performance.
- Fixed production bugs.
- Worked with PostgreSQL.
- Used Docker containers.
- Participated in sprint planning.
- Wrote unit tests.
- Reviewed code.
- Worked with AWS deployment.
- Created REST APIs.
- Integrated third-party APIs.

Achievements: Reduced API response time by 20%. Helped migrate applications to cloud. Worked with CI/CD pipeline.

Python Developer – NextGen Software

Jun 2018 – Dec 2020

Built Django applications, designed databases, implemented REST endpoints, created Celery jobs, worked with RabbitMQ, fixed customer issues, performed code reviews, deployments, reporting, and frontend collaboration.

Junior Python Developer – Tech Solutions Pvt Ltd

Jul 2016 – May 2018

Developed internal Python tools, automated repetitive tasks, created data-processing scripts, assisted senior developers, fixed bugs, wrote SQL queries, and worked with Flask applications.

Projects

Inventory Management System: Django backend, PostgreSQL, JWT authentication, Docker, REST APIs.

Employee Portal: Flask backend, Redis caching, authentication, reporting, email notifications.

Education

Bachelor of Science in Computer Science
University of Texas (2012–2016)

Certifications

AWS Certified Cloud Practitioner
Python for Everybody
Docker Essentials

Strengths

Team Player, Problem Solving, Good Communication, Leadership, Quick Learner
